

88VX Series

Airline Respirator

The Bullard 88VX Series airline respirators offer advancements in comfort and reliable respiratory protection for abrasive blasters and painters. The 88VX Respirator is NIOSH approved as a Type C and CE Continuous Flow Class Respirator (Approval No. TC-19C-293).

Advanced Protection

- Sewn-in neck cuff provides a physical barrier to airborne contaminants
- Double lining in the neck area enhances durability and protection

Comfortable Fit

- Lightweight inner shell with an adjustable headband suspension
- Airflow is channeled directly to the user's breathing zone
- No fit testing required
- Optional cheek pads for increased stability

Head Protection

- Helmet provides top impact and penetration protection
- Helmet and cape help protect the worker's entire head, face, and upper body from abrasive rebound, airborne contaminants and messy overspray

Optimum Visibility

- Wide-angle faceshield lens
- Translucent yellow helmet prevents closed-in feeling among workers
- Optional tinted lenses provide protection from the sun

Climate Control

- Optional climate control devices warm or cool incoming air to maximize comfort and improve productivity
